**SAMPLE IDENTIFICATION**

Client-supplied, verified at intake

|                    |                   |           |      |
|--------------------|-------------------|-----------|------|
| Container Size     | 3ml Glass Vial    | Cap Color | Blue |
| Crimp / Seal Color | Silver            |           |      |
| Product Company    | APEXX BIOLABS LLC |           |      |

**ANALYTICAL RESULTS**

| Test                           | Specification                 | Result                                                      | Status |
|--------------------------------|-------------------------------|-------------------------------------------------------------|--------|
| Purity (HPLC)                  | $\geq 90.0\%$                 | 99.38%                                                      | PASS   |
| Mass Identification (LC-MS/MS) | Conforms to declared compound | BPC-157 / TB-500                                            | PASS   |
| Net Peptide Content            | $\geq 90\%$ of 20 mg          | BPC-157 — 11.10 mg<br>TB-500 — 10.14 mg<br>Total — 21.24 mg | PASS   |
| Water Content (Karl Fischer)   | $\leq 10.0\%$                 | 4.01%                                                       | PASS   |
| Acetate Content (HPLC)         | $< 12.0\%$                    | 4.05%                                                       | PASS   |
| Heavy Metals (ICP-MS)          | $< 10$ ppm                    | Not Detected                                                | PASS   |
| Bacterial Endotoxins (LAL)     | $< 5$ EU/mg                   | Not Detected                                                | PASS   |
| Sterility (RMM)                | USP $< 71$                    | Growth Not Detected                                         | PASS   |
| Mass Balance                   | 95.0 — 105.0%                 | Conforms                                                    | PASS   |

**ANALYST NOTES**

Sterility testing by Rapid Microbiological Method (RMM) was completed, with no microbial growth detected under the conditions of the test. The batch/lot therefore met the stated RMM sterility acceptance criterion of Growth Not Detected.

COA: PMS-9396675044

The analysis reported herein was conducted using HPLC-UV and LC-MS/MS under standard laboratory conditions. This analysis is intended for informational purposes only and is specific to the sample(s) provided. The compounds tested are intended for research use only and are not approved for human or veterinary use, diagnostic, therapeutic, or clinical applications. Results should be interpreted by qualified professionals within the scope of the intended research. The accuracy and reliability of the test may be influenced by sample integrity, handling, and other experimental variables. The sample image included in this Certificate of Analysis was provided by the client during intake. For research use only.
